- Twitter: [@mattharrisedd](https://twitter.com/mattharrisedd)
- Current Project:

Blueprint for Global EdTech

“I want all international schools to use technology successfully.”

How do you define Digital Citizenship?

Digital Citizen

a person who develops the skills and knowledge to effectively use the Internet and other digital technology, especially in order to participate responsibly in social and civic activities

- Dictionary.com

The Global Digital Citizen Must ...

- ... consider that they are identifiable and are creating a “digital footprint” with any online activity.*
- ... always communicate using the appropriate language.*
- ... serve their duty to judge what is appropriate and ethical behaviour within the laws of the land.*
- ... choose and uphold their social responsibilities.*
- ... always be virtuous and act with integrity in all digital and non-digital communications and interactions.*

9 Elements of Digital Citizenship

Digital Access  full electronic participation in society	Digital Commerce  electronic buying and selling of goods	Digital Communication  electronic exchange of information	Digital Literacy  teaching and learning about technology and its use	Digital Etiquette  electronic standards of conduct or procedure
Digital Law  electronic responsibility for actions and deeds	Digital Rights & Responsibilities  those freedoms extended to everyone in a digital world	Digital Health & Wellness  physical & psychological well-being in a digital world	Digital Security  electronic precautions to guarantee safety	 #bitesizePD

Why Digital Citizenship is Important in International Schools

Assessed Curriculum

- Content knowledge
- Fundamental skills
- Attitudes
- Behaviors

What we MUST teach

Digital Citizenship

21st Century Skills

- Critical Thinking
- Innovation
- Media Literacy
- Grit

What we NEED TO teach

Digital Citizenship...

- ...is not just for students.
- ...is not an add-on topic.
- ...is not a standalone subject.
- ...has a globally recognized curriculum.
- ...is assessable.

Creating a Culture of **Digital Citizenship**

We are dedicated to **improving the lives** of kids, families, and educators by providing the **trustworthy information, education**, and **independent voice** they need to **thrive** in a world of **media and technology**.

Digital Literacy & Citizenship Curriculum

- Developed in partnership with Dr. Howard Gardner's **The GoodPlay Project**
Harvard Graduate School of Education
- K-12 60 lessons
- 45-minute lessons
- Balanced tone
- Student videos + Teacher videos
- Assessments
- Aligned to ISTE Standards, CCSS, AASL
- Free!

 - In two classes, teach two hours, 15 minutes of digital citizenship instruction.
 - [Engage and educate parents in three distinct ways.](#)
 - BSJ takes responsibility for 2 of 3.
- Note: Integration, not addition

Certified School Implementation Plan 2015-2016

British School Jakarta

School Name:

Matt Harris, Ed.D.

Project Lead Name:

Deputy Head for Learning Technology

Project Lead Title:

PLAN

What is your school's digital citizenship vision?

Digital Citizenship is one of 6 pillars of student technology skills attainment that spans all year levels and subjects. Technology skills and competencies has become one of the central tenets of our school's overall vision. We are requiring that all teachers schoolwide integrate digital citizenship into their teaching (and by extension CSM resources). We further believe digital citizenship is a community wide endeavor, so we have include parent instruction, workshops, and ambassadors to our program.

**Certified Educator
Digital Citizenship
2016-2017**

- [Parenting in the Digital World](#)

CITIZENSHIP IN THE DIGITAL AGE

Many of the hallmarks of any good citizen — from being respectful and responsible to doing what's right — are key elements of digital citizenship as well. But students must learn how to apply these tried and true qualities to the realities of the digital age.

A GOOD CITIZEN...	A GOOD DIGITAL CITIZEN...								
1 Advocates for equal human rights for all.	Advocates for equal digital rights and access for all. U.S. citizens with internet access at home: <table border="1"><thead><tr><th>Group</th><th>Percentage</th></tr></thead><tbody><tr><td>African-Americans</td><td>62%</td></tr><tr><td>Hispanics</td><td>56%</td></tr><tr><td>Whites</td><td>74%</td></tr></tbody></table>	Group	Percentage	African-Americans	62%	Hispanics	56%	Whites	74%
Group	Percentage								
African-Americans	62%								
Hispanics	56%								
Whites	74%								
2 Treats others courteously and never bullies.	Treats others with respect in online spaces and never cyberbullies. 88% of social media-using teens have witnessed someone being mean or cruel.								
3 Does not steal or damage others' property or persons.	Does not steal or damage others' digital work, identity or property. 800 The average teen's media player contains 800 illegally downloaded or shared songs.
